

In our first
6 months,
Toby's House
has provided
more than

**6000
HOURS
OF SAFETY**

for at-risk
children in our
community.

PROTECTING CHILDREN

- Nearly 100% of families utilizing the nursery live at or below the poverty line
- Over half of families served at Toby's House:
 - have CPS (child protection services) involvement
 - have a child developmental delays
 - are single parents without a support network
- Of the children we are serving:
 - 11% are children living with grandparents
 - 11% are in transitional living (shelter, with friends, or homeless)
 - We have provided care 7 times to prevent immediate danger situations

NEARLY HALF OF THE CHILDREN WE HAVE SERVED HAVE
EXPERIENCED DOMESTIC VIOLENCE IN THE LAST YEAR

NURTURING CHILDREN

- Toby's House provides for all personal care needs for every child, including meals, diapers, wipes, clothing and more
- Nursery staff are trained in providing trauma-informed care, in addition to child development, safe sleep and best practices
- Volunteers help by providing one-on-one time with children, preparing meals and sorting donations

In our first 6 months,
Toby's House has

Provided more than
2,300 Meals

Had more than
900 Visits

Changed more than
2,280 Diapers

MOMENTS of IMPACT

In just 6 months, there are countless stories of the nursery's Impact on children and families. While we cannot share names, here just one example:

A single mother called crying, at her very edge. She hoped the nursery could take her toddler, who is developmentally delayed, for an hour so she could shower. She takes care of a parent, her siblings, and two small children of her own. She was feeling suicidal that morning, but knew that a shower could get her in a better frame of mind. She managed to get a nap that day while her little one was loved and fed and nurtured. She has continued to get respite care to help reduce her stress and build her resilience as a parent and caretaker.

6-month Impact Report

We are at our limits nearly every single day our doors are open,
and some days we are forced to turn families away.

Your contribution today will support the next six months of operational expenses
to provide safety, strengthen families and make our community healthier.
